Welcome

We are a community of those who follow Jesus Christ. Like millions of His followers, we gather on the first day of the week to worship our risen Savior and King. We're glad you're with us today. We want to make it easy for you to find your way in our community, and to perhaps be a part of a small group in the life of the church. Most of what goes on at New Life is in this bulletin. More information is at our information desk in the downstairs lobby and on our website: www.newlifeglenside.com. We hope you feel very welcome here.

Congratulations to Sarah and Luke Morris as they have begun their journey together as husband and wife. May the Lord bless and prosper their future.

Congratulations to Kai Xia and Lilan Jiao. Today we are baptizing their daughter Enyu at the 10:45 service.

Coming Soon

Fraud Workshop: Join us on Wednesday, July 25 at 6:45pm for a free workshop on how to avoid fraud. New Life is hosting Sgt. Roger Gillispie of the Abington Township Police who will discuss with us identity theft, how it affects you, what you can do to help prevent it and steps to take if impacted by it. Invite your friends and neighbors and if you know any seniors, this is especially important for them. The workshop will be held in Rm 119, the lecture side of the library. Please contact David Douds, Deacon Coordinator, if you plan to attend, so we can prepare (deaconcrd@newlifeglenside.com; 215-576-0892 x 26).

A hearty THANK YOU from the Food Cupboard to those of you who were able to help sort food for the Police & Fire Food Drive last week. Your availability and willingness to serve in this way is greatly appreciated.

Housing Needed:

A missionary family of three from New Life will be in the Glenside area Sept. 7th through Oct. 15th. They need housing for this time. If you know of a house or apt. available in the Glenside area, please email the missions committee at nlglobalconnect@gmail.com

Communion Ministry Team:

We are looking for people to join the Communion Ministry Team. There are 3 parts to the team: set-up before the first service, re-set between services, and clean-up after the second service.
